

AIRFIELD GROUND LIGHTING

WIND CONE

Standards:

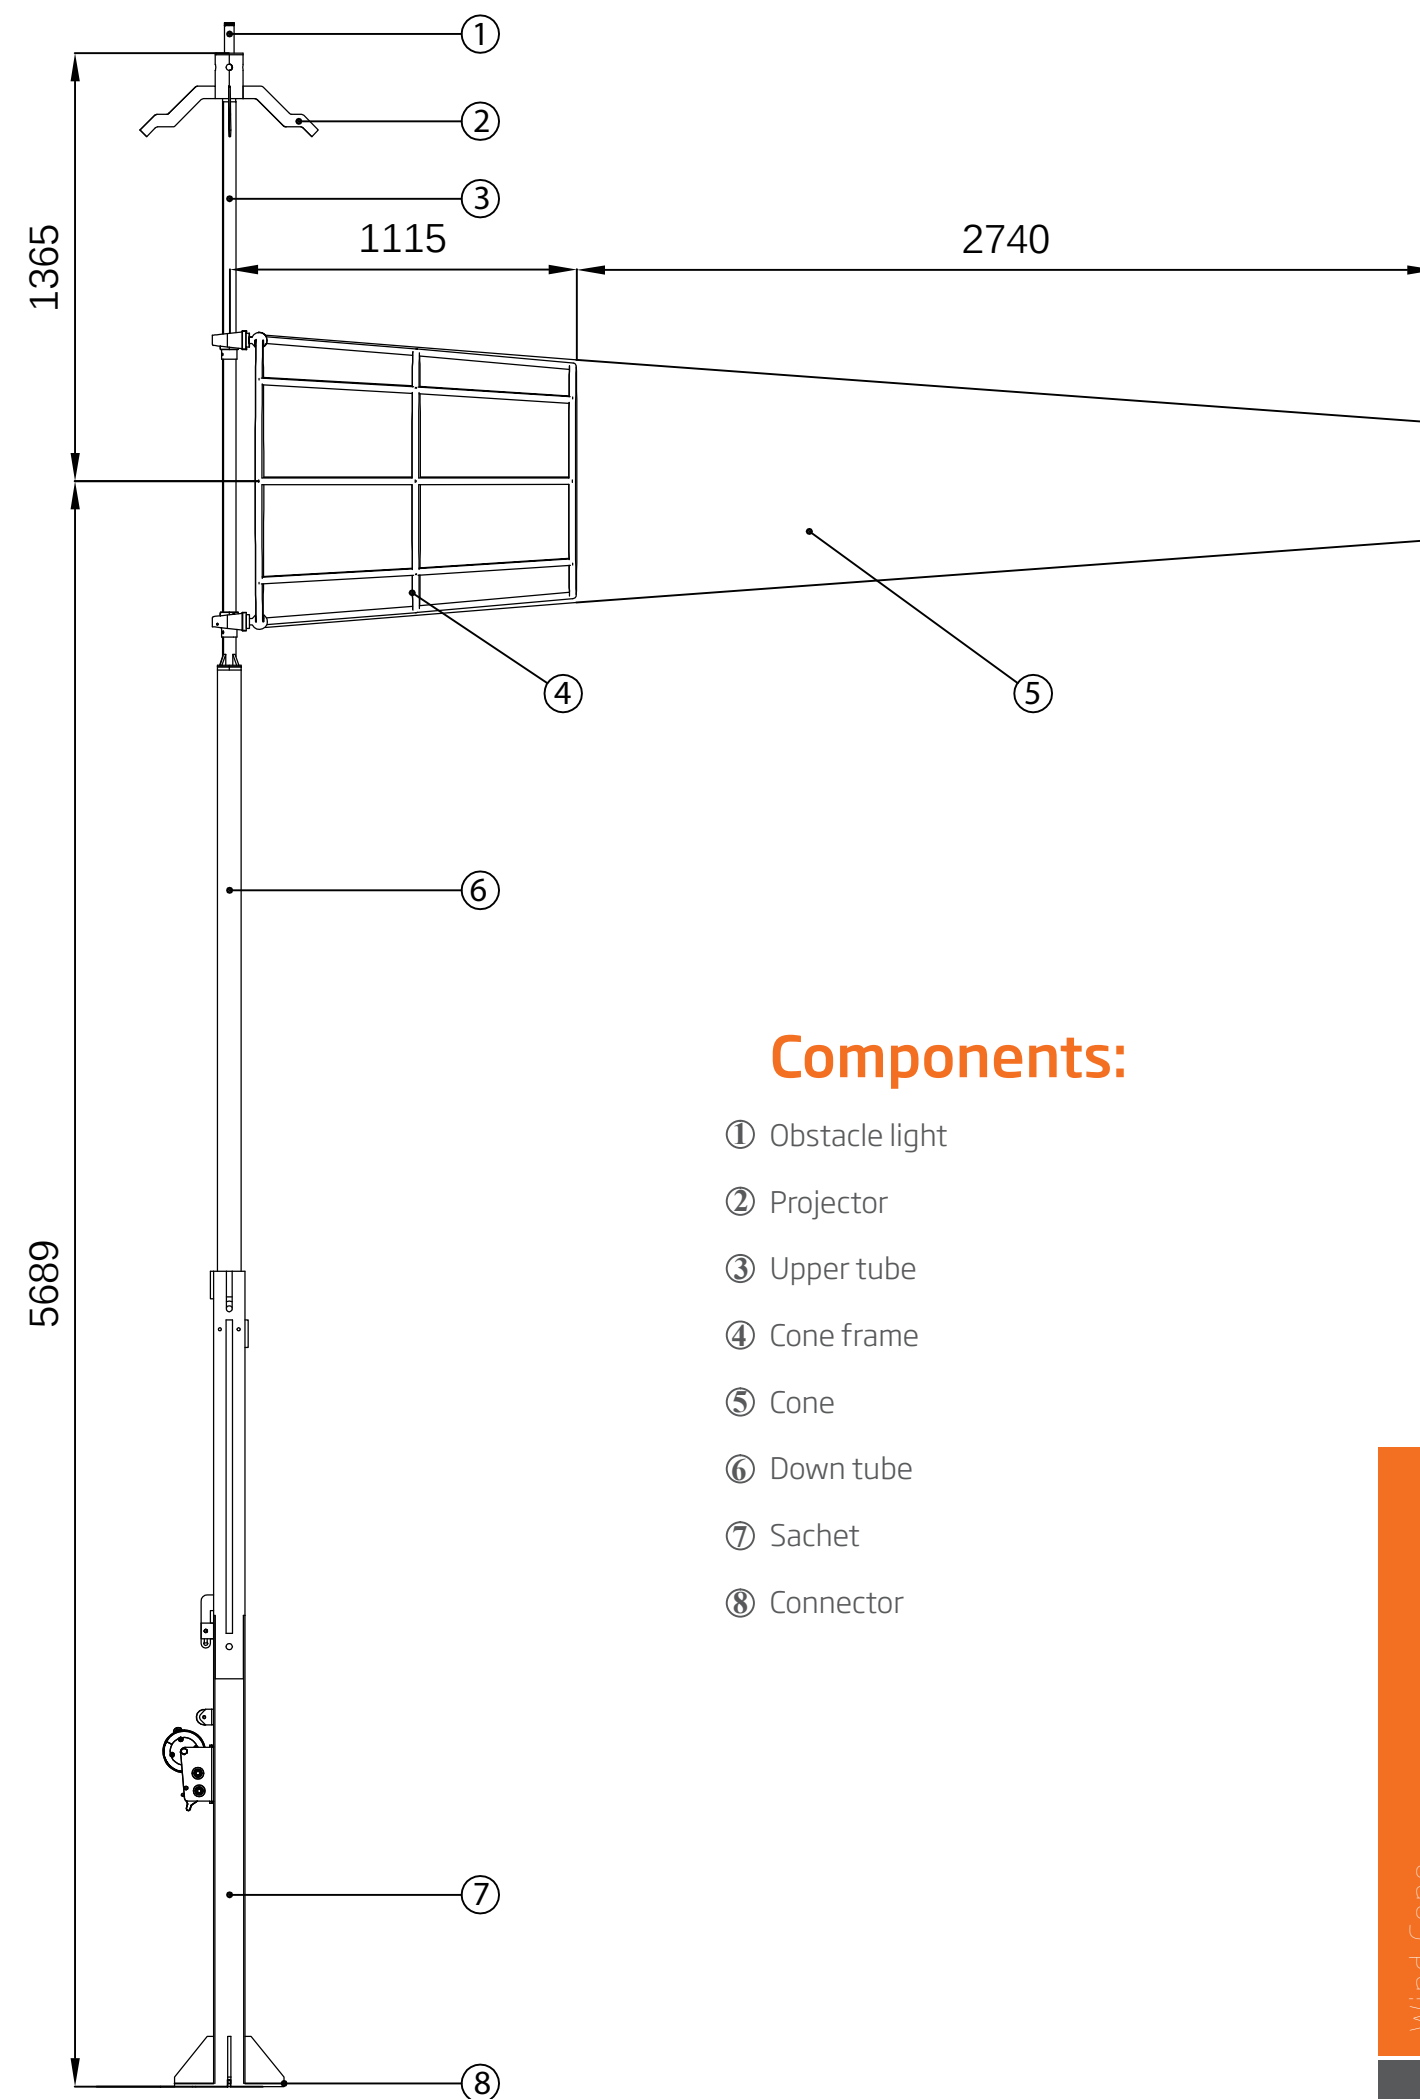

- FAA: AC 150/5345-27e
- ICAO: Annex 14, Vol. 1, Ed. 6 par 5.1.1

Specifications:

- Easy installation
- No need additional electrical equipment
- Lightweight and Frangible
- Works between -50° and +50° C
- Accurate measurement in all weather conditions
- Light or no light version
- Synthetic fabric and Rot resistant
- Waterproof

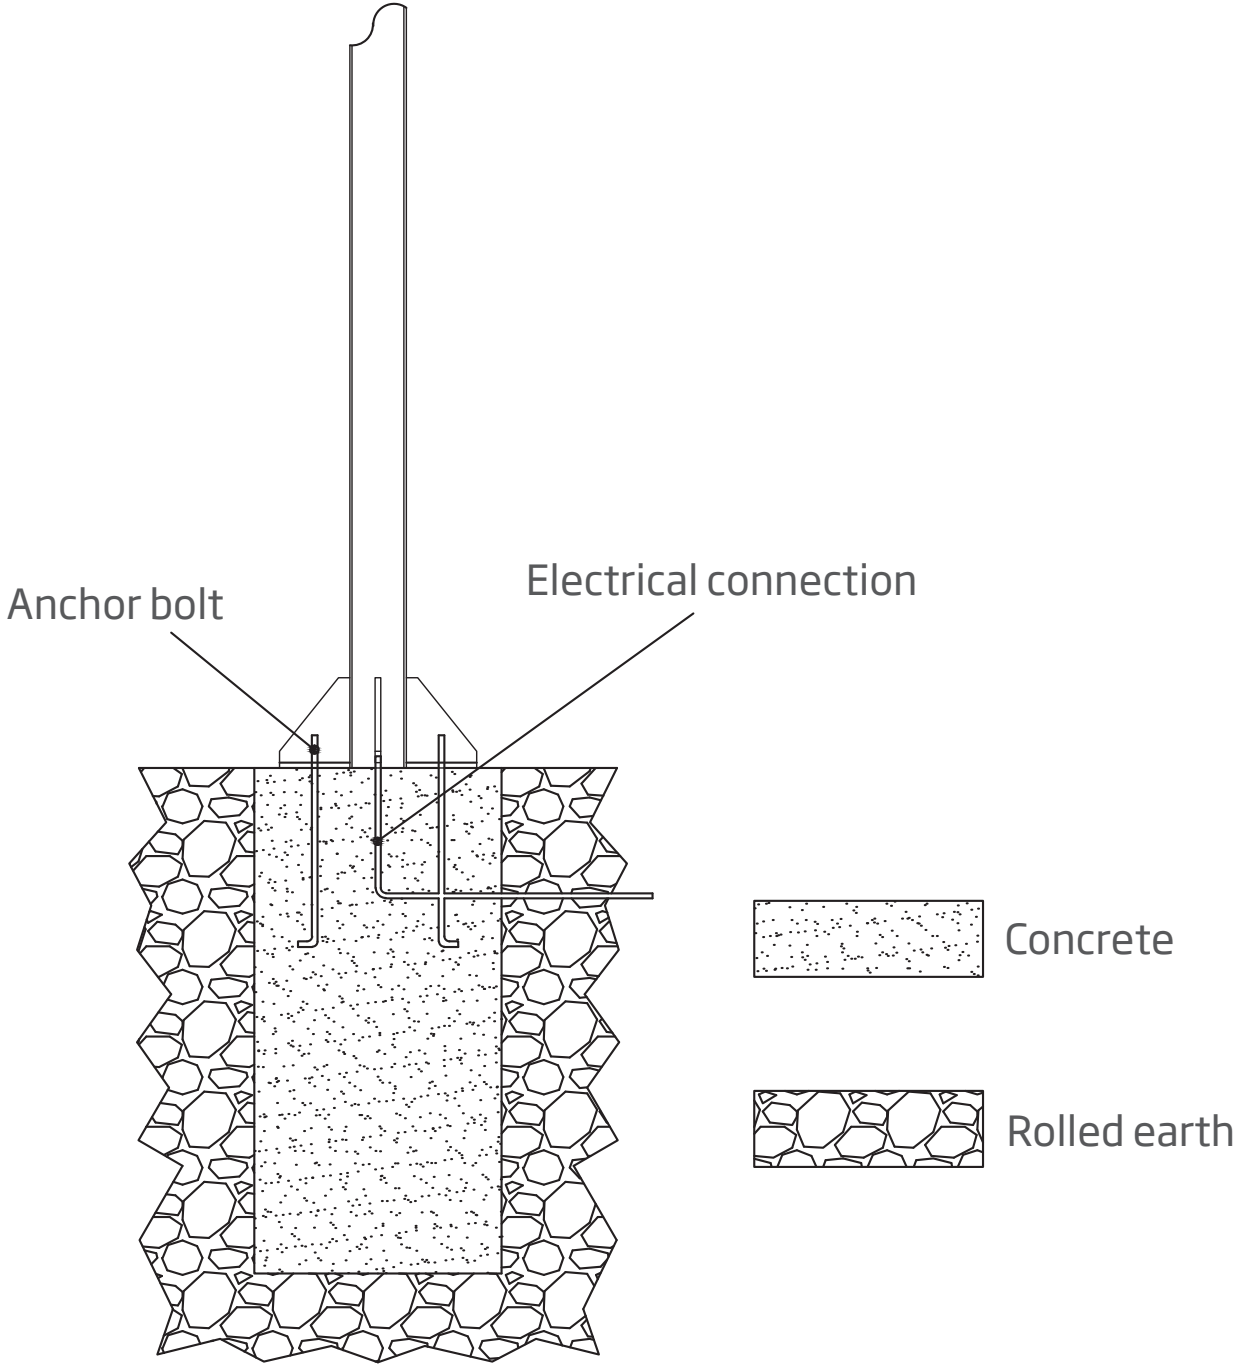

Lights	Projector 150Wx4 Obstacle:100Wx1
Input Voltage	Single phase 220V/240V 50/60Hz
Power Consumption	700W
Cone Measures	Ø900x3750, 4800
Operating Temperature	Between -50° and +50° C

Components:

- ① Obstacle light
- ② Projector
- ③ Upper tube
- ④ Cone frame
- ⑤ Cone
- ⑥ Down tube
- ⑦ Sachet
- ⑧ Connector
